

DIRECTION

Provision of RFFS at Uncertificated Aerodromes

This Direction is issued to **Aviation Services, Falkland Islands Government** in accordance with Article 156 (5) of the Air Navigation (Overseas Territories) Order 2013 and specifies the rescue and fire fighting services that are to be made available at all uncertificated aerodromes ordinarily used for FIGAS operations.

This Direction is issued with the following conditions:

1. The Direction must be read in conjunction with Appendix A to the Direction for the Provision of RFFS at Uncertificated Camp Aerodromes which will be reviewed and amended from time to time.
2. Appendix A to the Direction for the Provision of RFFS at uncertificated aerodromes specifies the detail of rescue and fire fighting services that must be made available at uncertificated aerodromes ordinarily used for FIGAS operations.
3. Records demonstrating compliance with this Direction must be maintained by the Accountable Manager, Aviation Services or his designated officer, and must be made available to any person authorised by the Governor.
4. The Accountable Manager, Aviation Services shall comply with any request by any person authorised by the Governor for a practical demonstration or test to verify compliance with this Direction.
5. The Accountable Manager, Aviation Services is to notify the Civil Aviation Department as soon as reasonably practicable if any element of this Direction cannot be complied with.

This Direction shall have effect from 01 April 2020 until it is varied, suspended or revoked.

B. H. J.

**Director of Civil Aviation
 Falkland Islands
